Corporate Finance: A Focused Approach John Wiley & Sons

Earn the grade you want in your course with the help of this invaluable tool. This Study Guide lists key learning objectives for each chapter, outlines key sections, provides self-test questions, and a set of problems similar to those in the book and those that may be used on tests, with fully worked-out solutions.

Intermediate Financial Management John Wiley & Sons

Financial Management and Analysis, Second Edition covers many important financial topics that are neglected elsewhere--from raising funds via securitization to managing a financial institution. This book provides valuable insights into many major aspects of financial management and analysis, and includes expert advice, real-world examples, useful charts and graphs, and incisive end-of-chapter questions that help develop the skill set necessary to deal with the important financial problems encountered in today's business world.

Guide to Financial Markets Cengage Learning

An investor's guide to understanding and using financial instruments The Handbook of Financial Instruments provides comprehensive coverage of a broad range of financial instruments, including equities, bonds (asset-backed and mortgage-backed securities), derivatives (equity and fixed income), insurance investment products, mutual funds, alternative investments (hedge funds and private equity), and exchange traded funds. The Handbook of Financial Instruments explores the basic features of each instrument introduced, explains their risk characteristics, and examines the markets in which they trade. Written by experts in their respective fields, this book arms individual investors and institutional investors alike with the knowledge to choose and effectively use any financial instrument available in the market today. John Wiley & Sons, Inc. is proud to be the publisher of the esteemed Frank J. Fabozzi Series. Comprising nearly 100 titles-which include numerous bestsellers--The Frank J. Fabozzi Series is a key resource for finance professionals and academics, strategists and students, and investors. The series is overseen by its eponymous editor, whose expert instruction and presentation of new ideas have been at the forefront of financial publishing for over twenty years. His successful career has provided him with the knowledge, insight, and advice that has led to this comprehensive series. Frank J. Fabozzi, PhD, CFA, CPA, is Editor of the Journal of Portfolio Management, which is read by thousands of institutional investors, as well as editor or author of over 100 books on finance for the professional and academic markets. Currently, Dr. Fabozzi is an adjunct Professor of Finance at Yale University's School of Management and on the board of directors of the Guardian Life family of funds and the Black Rock complex of funds.

Essentials of Canadian Managerial Finance McGraw-Hill Education

The revised and updated 7th edition of this highly regarded book brings the reader right up to speed with the latest financial market developments, and provides a clear and incisive guide to a complex world that even those who work in it often find hard to understand. In chapters on the markets that deal with money, foreign exchange, equities, bonds, commodities, financial futures, options and other derivatives, the book examines why these markets exist, how they work, and who trades in them, and gives a run-down of the factors that affect prices and rates. Business history is littered with disasters that occurred because people involved their firms with financial instruments they didn't properly understand. If they had had this book they might have avoided their mistakes. For anyone wishing to understand financial markets, there is no better guide.

Corporate Finance Springer Nature

The eighth edition of this successful text provides a comprehensive and contemporary introduction to financial management, focusing on shareholder wealth maximization and cash flow management, the international aspects of financial management, the ethical behavior of managers, and the increased impact of the Internet in business practice. In addition, content has been added or enhanced to reflect the changing focus on finance areas including topics such as discounted payback period, dividend practices of foreign firms, risk management, and real options.

Contemporary Financial Management South-Western Pub

A comprehensive guide to understanding the world of financial management and analysis This complement to the bestselling Financial Management and Analysis allows readers to self-test their understanding before applying the concepts to real-world situations. Pamela P. Peterson, PhD, CPA (Tallahassee, FL), is Professor of Finance at Florida State University. Wendy D. Habegger (Tallahassee, FL) is a PhD student in Finance at Florida State University.

Fundamentals of Investing Thomson South-Western

Foundations of Financial Management has built a loyal following due to its strong real-world emphasis, clear writing style, and step-by-step explanations that simplify difficult concepts. The text focuses on the "nuts and bolts" of finance with clear and thorough treatment of concepts and applications. In addition to completing the revisions, Block, Hirt, and Danielsen also revise all end of chapter problems and complete the solutions themselves. The authors know what works and what doesn't work for students, and they have consistently maintained a product that is responsive to the demands of the marketplace.

Financial Management and Analysis South-Western Pub

Understanding Healthcare Financial Management John Wiley & Sons

One of the main reasons to name this book as Financial Management from an Emerging Market Perspective is to show the main differences of financial theory and practice in emerging markets other than the developed ones. Our many years of learning, teaching, and consulting experience have taught us that the theory of finance differs in developed and emerging markets. It is a well-known fact that emerging markets do not always share the same financial management problems with the developed ones. This book intends to show these differences, which could be traced to several characteristics unique to emerging markets, and these unique characteristics could generate a different view of finance theory in a different manner. As a consequence, different financial decisions, arrangements, institutions, and practices may evolve in emerging markets over time. The purpose of this book is to provide practitioners and academicians with a working knowledge of the different financial management applications and their use in an emerging market setting. Six main topics regarding the financial management applications in emerging markets are covered, and the context of these topics are "Capital Structure," "Market Efficiency and Market Models," "Merger and

Acquisitions and Corporate Governance," "Working Capital Management," "Financial Economics and Digital Currency," and "Real Estate and Health Finance."

Fundamentals of Financial Management, Concise Edition HarperCollins Publishers

Using real-world examples to thoroughly involves readers with financial statements, Financial Reporting and Analysis, 9e builds skills in analyzing real financial reports through statements, exhibits, and cases of actual companies. Emphasis is placed on the analysis and interpretation of the end result of financial reporting "financial statements."

Acca - F9 Financial Management The Economist

The only text to strike a balance between solid financial theory and practical applications, Brigham/Ehrhardt's FINANCIAL MANAGEMENT: THEORY AND PRACTICE, 15e gives you a thorough understanding of the essential concepts you need to develop and implement effective financial strategies. The book begins with a presentation of corporate finance fundamentals before progressing to discussions of specific techniques used to maximize the value of a firm. It also explores the recent financial and economic crises and the role of finance in the business world. With its relevant and engaging presentation, numerous examples, and emphasis on Excel usage, this text serves as a complete reference tool for you in your academic or business career. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
